Who we are ?

01

PARLAK KALIP is a manufacturer of precision high-cavitation injection molds that provide trouble-free, high volume production at the lowest total cost of ownership for Fortune 100 customers in the Medical Disposable, Packaging (caps & closures, dispensing apparatus), Pharmaceutical, and Personal Care markets.

Founded in 2013 , PARLAK KALIP has become one of the leading mold manufacturers in G.ANTEP TURKIYE. His vision for Tech Mold was to develop the best, innovative mold solutions for the challenges faced by global OEMs, using the latest machine tool and software technology, and the most talented, creative people.

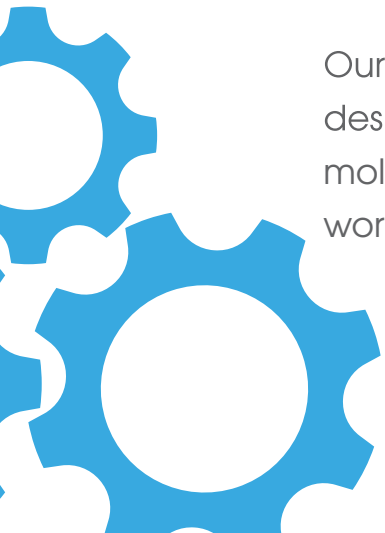

02

03

Today, Tech Mold has become what KALIP envisioned for the company. Located in three separate facilities, Tech Mold's operations include our R&D Department, our Engineering, Design and Production Mold Manufacturing Operations, and Tech Mold East – our Mold Qualification, Process Validation and Short Run (pre-production) Molding Division.

Our customers have the confidence that a mold designed, developed and qualified by Tech Mold is a mold that will be capable of running anywhere in the world with accuracy, consistency and repeatability
